

Name: Marie Carone, RA, LEED AP+

Email  
Address: mcarone@watts-ae.com

Title: Project Architect

Organization: Watts Architecture and Engineering

County: Erie

Comment: The Energy Plan must have a clearly defined plan and implementation schedule to meet increased energy efficiency, renewable energy development, and greenhouse gas emission reduction goals; the plan must NOT support new dirty coal plants; and drilling in Marcellus Shale for natural gas must require more rigorous environmental review, public involvement, and full disclosure of the risk to our environment and public health. Sincerely, Marie T. Carone, RA
